INTRODUCTION

Welcome to English.

Welcome to New English 900

In this introduction, we want to tell you something about the books you are going to be using.

1. What is New English 900?

NEW ENGLISH 900 is a six-level course for young adult and adult students of English as a second language. It contains material from beginning to advanced levels of study. The series consists of six student textbooks, six workbooks, six teacher's books, and reel-to-reel or cassette recordings.

2. An Updated Program

This series is a revision of the original ENGLISH 900 which takes its name from the 900 Base Sentences presented in the six textbooks. These sentences cover the basic structures and basic vocabulary of the English language. The **Base Sentences** of NEW ENGLISH 900 always appear in a complete and authentic context. They are presented in dialogue form as spoken by a cast of fully-drawn characters who use the English language in a natural way to communicate their thoughts, ideas, and feelings.

3. How Your Textbooks Are Organized

There are 150 Base Sentences in each book, and they are numbered consecutively from Base Sentence 1, Book

1, Unit 1, through Base Sentence 900 in Book 6, Unit 50. New structures are introduced in Base Sentences, and these sentences provide “building blocks” for the rest of the materials studied in the series.

a. The Dialogue Unit

There are ten units in Book 1. Each unit consists of three lessons and contains fifteen Base Sentences. In Book 1, every lesson opens with a short **Dialogue** containing the Base Sentences. As you progress through the series, a continuous and integrated story will be unfolded through the dialogues and, later, the readings. (However, each textbook can be used separately). The dialogues are followed by **Substitution Drills** that introduce variations of the Base Sentences and provide the student with the pronunciation and drill material needed for mastery. The **Exercises** in each lesson can be used as oral and written drills. In addition, every unit contains a **Grammatical Preview**, a **Refocus (review) Exercise**, and a **Bonus Dialogue**.

b. Reading and Refocus Units

Beginning with Book 2, each text contains two **Reading and Refocus Units**. These units consist of thirty Base Sentences introduced in three **Reading Passages**. They are followed by **Comprehension Questions** and **Exercises** that review and contrast aspects of the language previously introduced.

c. Intonation and Word Index

Other features of each textbook include a complete listing of the Base Sentences introduced in that book. This listing appears with **Intonation Lines**. In addition, there is a **Word Index** that lists, in alphabetical order,

all the new words in the book, and notes the unit, lesson, and sentence in which each word first appeared.

4. Your Workbooks and Tapes

A companion **Workbook** is available for each of the six textbooks. The Workbooks reinforce material from the text and develop pronunciation and writing skills. They are designed to be used both at home and in the classroom.

A series of **Pre-recorded Tapes** has been prepared for language laboratory use. These tapes include all material from the Dialogues, Substitution Drills, Readings, and Comprehension Questions in the Student Books, and from the Pronunciation Exercises in the Workbooks.

5. The Teacher's Books

The **Teacher's Books** are an integral part of NEW ENGLISH 900 . Organized to correspond to the student text, the Teacher's Book offers techniques and strategies of practical value to the teacher in the classroom. Included are suggested lesson plans, cultural notes, and a step-by-step outline of ways to present and practice the new material.

Our Thanks

Based on many suggestions we have received from you, the users, we offer NEW ENGLISH 900 . It represents a careful and extensive revision of the widely popular original series. In it, we hope to have combined the best of the old with the most exciting of the new.

Dear Mama,

How are you and Papa and Arturo? The Ortega family is fine. They send you their love.

I was lonely that first day. The flight was bad, the food was bad, and I was tired. The Ortegas were very happy to see me, and Pedro is a good friend, but that first day I was lonely.

I was homesick, too, but now I feel fine. The Fair is wonderful and New York is exciting. Tonight Pedro and I are going to the movies.

Love,
Miguel

BONUS DIALOGUE

It's Saturday afternoon. It's a beautiful day. Ali is at the Fair again.

- ALI: Hello, ice cream man.
- BILL: Hello, Ali. Are you alone?
- ALI: Yes.
- BILL: Where are your parents?
- ALI: I don't know.
- BILL: Really? Uh . . . Ali . . .
- ALI: May I have an ice cream sandwich, please?
- BILL: Sure, Ali. Why don't you sit down and talk to me?
- ALI: O.K. Here's thirty-five cents.
- BILL: Whose money is that?
- ALI: It's mine.
- BILL: It's yours? You're a rich young man!
- ALI: Yes.
- BILL: I like your jacket, Ali.
- ALI: I don't. It's my brother's.
- BILL: Don't you like your brother?
- ALI: No. My father and mother like my brother.
He's always good. I don't like him.
- BILL: I like you, Ali.
- ALI: May I come home with you?
- BILL: Look! Isn't that your mother?
She's crying, Ali.
- ALI: Mommy! Mommy! Here I am!

NEW ENGLISH 900

THE INTONATION LINES

The next ten pages contain the 150 Base Sentences found in this book. They are arranged by unit—page one is the first unit of the book, page two is the second, and so on. The sentences are not accompanied by the context in which they appear in the actual lessons.

The blue lines that appear with a sentence indicate how it is spoken in American English. If you look at the lines you will be able to recognize the basic intonation patterns of English. The language employs three pitches: low, medium, and high.

Example: **How** **are** **you?**

The intonation lines should not be used independently, but should be studied along with the sentences as they are spoken, either by your teacher or on the tapes that accompany the book. It is not really possible to learn how to produce a sound by studying only a printed representation of that sound. As you repeat the sentences aloud after your teacher or after the tapes, you will gradually become familiar with the intonation patterns and learn how to use them.

142 UNIT ONE Intonations

- 1 Good morning, sir.
- 2 How are you today?
- 3 Fine, thanks.
- 4 See you later.
- 5 Excuse me, sir.

68 What about her?

69 Aren't you seeing her tonight?

70 I'm seeing her on Friday.

71 It's her birthday next Sunday.

72 I know.

73 April 22nd.

74 We're going to a party.

75 Next week, on Marta's birthday, we're going to a party.

76 You're home early.

77 Where were you?

78 I was in the bathroom.

79 She was here a few minutes ago.

80 How was your day?

81 Jack, we weren't great, and you know it.

82 Maybe you weren't.

83 Oh, I see.

84 You were great, but the team wasn't.

85 Now you understand.

86 Dinner's almost ready.

87 About five more minutes.

88 When's the big game?

89 This was our last practice before the game.

90 Let's practice until dinner's ready.

WORD INDEX

On the following pages you will find a list of the words that appear in this book. They are arranged in alphabetical order. Each word is followed by a sentence.

like I don't like dinner parties.

This is the sentence in which the word first appears in context in the book. Following the sentence, two numbers are given.

our Are those students in our class? 3/1

These numbers indicate the unit and lesson in which the word and sentence appear. That is, 5/2 means Unit Five, Lesson Two.

Nouns are listed under the singular form, even if in the book they appeared in the plural.

friend Where are my friends?

Verbs are listed under the base form.

wait I'm sorry to keep you waiting.

The only exceptions to the above are irregular forms.

was I was in the bathroom.

Phrases, idioms, and other units of meaning that consist of more than one word are listed separately.

good morning Good morning, sir.

This index is not intended to be a substitute for a dictionary, but you will often be able to understand a word from the sentence given with it. You can also refer back to the particular unit and lesson to study the word in a larger context.

THE COLLIER MACMILLAN ENGLISH PROGRAM

The Collier Macmillan English Program includes basic courses which develop conversational skills plus reading and writing capability. Supplementary materials provide additional instruction in pronunciation, reading, grammar, conversation, and the specialized vocabulary of certain professions. The materials described below can be used to supplement **NEW ENGLISH 900**. Detailed information on these materials and other titles may be obtained from the publisher.

COLLIER MACMILLAN ENGLISH READERS

Collier Macmillan has a wide choice of graded readers that give students an opportunity to practice already familiar vocabulary and structures in an entertaining and informative context. The selection includes original and adapted short stories, articles, biographies, modern novels, and simplified classics. There are readers graded by vocabulary, by structures, books for children and adults, and for students with specific interests.

ON SPEAKING TERMS: Conversational English for Advanced Students

102 short dialogs on several familiar subjects offer advanced ESL students varied and intensive oral practice. Useful exercises are also included, and a reel-to-reel or cassette tape of native American speakers delivering all the main dialogs is available.

FUN WITH ENGLISH

Learning games, crossword puzzles, anagrams, and mystery stories to improve vocabulary and reading comprehension in a new and stimulating manner. A *Teacher's Answer Key and Utilization Guide* containing answers to all the puzzles and suggestions for classroom use is available.

WRITE AWAY

A two-book series that builds writing fluency through a variety of highly motivating tasks. These exercises give learners practice in expressing a single idea several different ways. There are open-ended suggested activities at the end of each exercise, an answer key, and an index to the grammatical operations.

Songs for Learning English as a Second Language

Teachers seeking to spark student interest and reinforce drill material will value the addition of these recordings to the classroom, as each musical selection focuses on a specific grammatical point. Vocabulary and structure are on a more elementary level in *ESL Express* than in *Hard to Learn That English as a Second Language Blues*. An insert containing the words to the songs, plus suggested activities, accompanies each record or cassette tape.

A PRACTICAL ENGLISH GRAMMAR

Designed to help intermediate and advanced level students attain thorough understanding of exactly what happens when English sentence building elements are combined, *A Practical English Grammar* offers detailed explanations of the rules of correct grammar and the construction of sentences. The book provides a comprehensive package when used with *A Practical English Grammar Programmed Workbook*, as each lesson in the workbook covers the material in the chapter of that same number in the text.

THE KEY TO ENGLISH

Ten books designed to bring aspects of grammar (prepositions, adjectives, verbs, two-word verbs, nouns, figurative expressions, and letter writing) into focus and within easier reach of the student. Each book contains exposition, exercises, and drills.

DRILLS AND EXERCISES IN ENGLISH PRONUNCIATION

This series of three texts, *Consonants and Vowels*, *Stress and Intonation Parts 1 and 2*, with 54 accompanying tapes, provide basic drill material on all the individual sounds and the more important combinations of sounds in the English sound system, word and phrase stress, and intonation in ordinary speech patterns.

THE SPECIAL ENGLISH SERIES

Twenty books cover the idioms, technical terms, and standards of communication common in professional situations in these fields: business, tourism, medicine, banking, international trade, aviation, journalism, agriculture, engineering, secretaries, and hotel personnel. There are accompanying pre-recorded tapes. This series requires a knowledge of English on an intermediate level.
